

COMMERCIAL FITOUTS AND RESIDENTIAL MAKEOVERS

ABOUT KPS INTERIORS

KPS Interiors is a boutique commercial fitout and interior renovation company, borne out of a burgeoning desire to provide competitive service without compromising on quality.

Servicing both the commercial and residential sectors, we take your vision from conception through to construction and completion – personalising your workspace through modern, functional design.

Our seamless turnkey approach and corporate ethos is fuelled by owner Nick Kirou's personal commitment to see every project through from start to finish.

OUR COMMITMENT TO YOU

- VALUE DRIVEN
- CLIENT FOCUS
- QUALITY OUTCOME
- SAFETY MINDSET

At KPS Interiors, we aim to exceed your expectations and act with integrity to deliver your project on time and on budget. - Nick Kirou Managing Director

YOUR SPACE. YOUR VISION. OUR QUALITY GUARANTEE.

Refurbishments and Fitouts

From office fitouts, building refurbishments and upgrades, our quality workmanship is focused on creating a spacious, modern and productive environment.

Strip Outs and Make Good

Whether you are moving in or moving out, our comprehensive strip out and make good services include:

- Demolition / removal of partitions, walls, built-in fixtures
- Taking down of ceilings and light fixtures
- Installation or removal of floor coverings
- Dismantling air conditioning systems and electrical services
- Repairing original walls, ceilings and tiles
- Restoring original fire and mechanical services
- Re-painting walls to original colour
- Final clean up and removal of waste

Partitions and Walls

Our customers use partitions to create privacy, improve workplace function and improve interior aesthetics. The materials we use include metal stud walls, plasterboard, glass, timber and fabric.

Ceilings

We also specialise in commercial ceiling design for all building types. From suspended grid and plasterboard, to acoustic, raked and drop ceilings – we can install, remove or reconfigure your existing roof space to cover unsightly air ducts and electrics, improve insulation and create hidden space.

Aluminium and Glazing

From commercial shop fronts, office partitions and industrial operations, we supply and install a wide range of aluminium windows, frames and glass wall panels to enhance the function and design of any building.

Bathrooms and Kitchens

We can transform dysfunctional facilities into fresh modern spaces. Our innovative bathroom and kitchen designs cater for both residential and commercial requirements and offer modern flexibility with the latest fixtures and fittings.

Disabled Facilities

From bathrooms, access routes, fixtures and mobility requirements, we are specialists in the design, audit and construction of disabled facilities and workspaces. Our Project Managers ensure that all construction meets the standards required by the Standards Australia Committee and the Disability Discrimination Act.

Building Maintenance

We offer a complete range of internal and external building maintenance services that include, but are not restricted to plumbing, electrical, fencing and painting. We listen to you to understand your unique needs, objectives, priorities and expectations, to keep your building running smoothly.

Project Management

Our diverse industry credentials and versatility in accessing trades enables us to accelerate the handover of your project, while working to realistic and achievable timeframes and budgets.

YOUR SPACE IS OUR BUSINESS

We add value by:

- Expediting development applications through Council
- Hiring only experienced, qualified and police cleared tradespeople and Site Supervisors
- Providing insurance coverage
- Using only exceptional finishes and materials made to last
- Reducing downtime by working around your schedule
- Adhering to strict safety standards and policies
